REGISTERED MECHANICAL ENGINEER

DEDICATION | QUALITY | PERFORMANCE

Nationally recognized mechanical engineer with over 50+ years of experience in plumbing, process piping, storm drainage, irrigation, heating, ventilation, air conditioning, fire protection and energy conversation. Experienced in product design and literature critique for plumbing and HVAC projects. Active member of numerous technical societies; participated in code-writing authority; provided instruction in plumbing and mechanical engineering and has designed and provided specifications for various plumbing and mechanical systems. Served as expert witness and consultant on over 543 cases for both plaintiffs and defendants.

- **BACHELOR OF SCIENCE, SPECIALIZED MECHANICAL ENGINEERING PROGRAM CALLED PLUMBING ENGINEERING, 1956** – California State University, Los Angeles

EMPLOYMENT HISTORY

EDWARD SALTZBERG & ASSOCIATES, FORENSIC MECHANICAL ENGINEERS 1980 – Present

President

Forensic expert witness and consultant on over 543 cases for both plaintiffs and defendants specializing in plumbing, piping, heating, air conditioning, fire protection and ventilation systems. Active member of numerous technical societies in these fields and currently participating in code-writing as well as environmental green codes and issues relating thereto.

EDWARD SALTZBERG & ASSOCIATES, FORENSIC MECHANICAL ENGINEERS & PREDECESSORS K&S ENGINEERING, AND KUSHNER & SALTZBERG, CONSULTING MECHANICAL ENGINEERS 1967 – 1980

President

Responsible for design of mechanical systems, specifications, client coordination, site observation and cost estimates; designed hospitals, restaurants, schools, churches, commercial, residential and industrial projects worldwide. Forensic expert.

MICHAEL C. MAROKO, CONSULTING MECHANICAL ENGINEERS 1961 – 1967

Associate Engineer

Responsible for operation and organization of office, client coordination and design of mechanical systems and specifications. Designed hospitals, high-rise offices, commercial, residential and industrial projects throughout the United States.

WELTON BECKET & ASSOCIATES, ARCHITECTS & ENGINEERS 1958 – 1961

Project Engineer & Assistant Department Head

Responsible for plumbing design of major projects, coordination of systems, and specifications. Designed multi-million dollar projects including selection of type of system, equipment and materials. Provided supervision and organization of plumbing department staff.

GILBERT J. COMEAU, CONSULTING MECHANICAL ENGINEERS 1955 – 1958

Project Engineer

Responsible for design and specification of plumbing, piping, heating, air conditioning, and fire protection systems for various types of projects including shopping centers, high-rise buildings, apartment buildings, commercial and industrial facilities. Performed design calculations, selection of materials and equipment, cost estimates and site observation.

LOS ANGELES DEPARTMENT OF WATER & POWER 1953 – 1955

Electrical/Mechanical Draftsman (Part-time)

Converted engineering sketches into working drafts; worked on power plants, substations, transformer building facilities; completed drawings reviewed by Checking Department.

FEBCO, INC. MANUFACTURING & ENGINEERING CO.

1953

Draftsman/Designer (Part-time)

Designed lawn sprinkler systems and backflow preventer components; drew assembly and fabrication drawings; performed research for comprehensive treatise on backflow prevention. Designed irrigation systems for many large projects such as golf courses, schools and other similar structures.

SEABREEZE ENGINEERING COMPANY MANUFACTURING & PLUMBING CONTRACTOR

1943 –1953

Draftsman/Designer (Part-time)

Designed and installed plumbing systems for residential and small commercial buildings, components for fans and barbecues, selected materials and fabrication and finishing methods for parts.

Edward Saltzberg grew up in construction, worked at most construction trades, but worked in his youth primarily as a Journeyman Plumber (apprenticeship served in Plumbers' Union 78).

PROFESSIONAL MEMBERSHIPS

- Association of Energy Engineers (AEE); Full member (joined 1982) CEM (1983)
- Association for Facilities Engineering (AFE); (formerly American Institute of Plant Engineers (AIPE). Full Member (joined 1974).
- American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE). Full Member (joined 1970). Life Member (1997).
- American Society of Plumbing Engineers (ASPE). Charter Member and Co-founder. Past President of Los Angeles Chapter and National Society; Chairman, National Education Committee; Chairman, ASPE-ASHRAE Liaison; Vice President, Legislative, L.A. Chapter. Member Society Chapter Operations Committee and Structure and Governance Committee; and Legislative Committee (Started 1964), Fellow.
- California Building Standards Commission – Plumbing – Mechanical Technical Advisory Committee (2013)
- California Society of Professional Engineers (CSPE). Member (joined 1984).
- California State Fire Marshal – Fire & Life Safety Advisory Board (started 2003).
- City of Santa Monica Water Neutrality Committee
- Forensic Expert Witness Association (FEWA). Formerly Forensic Consultants Association of Orange and LA Counties (joined 2001).
- International Association of Plumbing & Mechanical Officials (IAPMO). Secretary of Southern California Chapter for 55+ years; member or past member of Education; Plumbing Code, Spa & Pool Code, & Solar Code; Standards; Research; Green Code Committee & numerous ad hoc committees; WE Stand Committee. (Joined 1958.) Life Member.
- Los Angeles City Plumbing Technical Advisory Committee (LAC-PTAC). Member 1987.
- Los Angeles County Board of Examiners of Plumbers & Gas Fitters (3/92 to 2015).
- Mechanical Engineers Association of California (MEAC). President, Secretary and Board Member. (Joined 1971).
- National Academy of Forensic Engineers (NAFE). Fellow (joined 1984).
- National Society of Professional Engineers (NSPE). Member (joined 1984).
- Plumbing Engineer Magazine - Editorial Review Board (five years).
- Plumbing, Heating, Cooling Contractors of Greater Los Angeles (PHCC-GLAA). Honorary Member (since 1964).
- Society of Fire Protection Engineers (SFPE). Affiliate Member (joined 1977). Unified Plumbing & Piping Association of Long Beach. Honorary Member (since 1977)

MEMBERSHIPS – SOCIAL, RELIGIOUS, PHILANTHROPIC

- Brandeis-Bardin Institute
Member, House of the Book; Prior Member, Board of Directors; Prior Member, Executive Committee; and Prior Chairman, Building and Grounds Committee.
 - Jewish Federation Council, San Fernando Valley Region
Past Member, Community Relations Committee, Past Member Board of Directors, Valley Business & Professions Committee, Real Estate & Construction Division, and United Jewish Fund. Also Past Chairman, Bernard Milken Jewish Community Campus Facilities Committee.
 - Stephen S. Wise Temple
Temple member.
 - Jewish Community Centers Association- Los Angeles
Past Member, Building Committee.
 - The Executives Support Group for the Jewish Home For the Aging
Member, Program/Public Affairs Committee and prior Board of Directors Member.
-

FORENSIC HISTORY

- 47+ years of experience in forensic mechanical engineering.
 - 500+ legal and insurance cases.
 - 49% of cases for plaintiff.
 - 51% of cases for defendant.
 - Testified in court 32+ times.
 - Deposed 112+ times.
 - Testified in arbitration, J.A.M.S. or settlement conferences 34+ times.
 - Been on prevailing side 95% of the time.
 - Been on losing side 14 times.
 - 361 cases have settled prior to or during court proceedings.
 - 65 cases were dropped due to insufficient grounds to proceed.
-
